QUICK START STUDENT GUIDE

Moodle is the University of Guam's learning management system where you will find your online classrooms and the resources to help you navigate our online learning environment. This quick start guide will help you learn how to access the virtual classrooms for your hybrid (HYB), online asynchronous (O-ASY), online synchronous (O-SYN), and online hybrid (O-HYB) courses.

Many face-to-face (F2F) courses and university programs also use Moodle to share information and connect learners around the island and our region.

SETUP YOUR ACCOUNT TODAY!

See the reverse side for step-by-step instructions to help you get started using Moodle.

6 STEPS TO GET STARTED

1

Get a GoTritons Email Account

Contact the Office of Information Technology via email: helpdesk@triton.uog.edu or call: 671-735-2640/30

2

Login to Moodle

Go online to <https://moodle.uog.edu/login/>

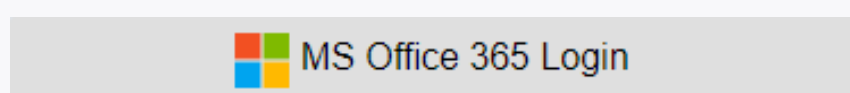

You can also access Moodle via the login button in <https://www.uog.edu/> website.

3

Office 365 Login

Once you are in the Moodle login page, press the MS Office 365 login button and input your GoTritons credentials.

4

Take the User Tour

When you login the first time you will be prompted to take the user tour. Proceed to familiarize yourself with the Moodle platform.

5

Student Corner

Within the home page of Moodle, click the Student Corner button to explore and build your Moodle skills.

6

Need Help?

Click the question mark on the bottom of the page to contact the Moodle Help Team.
